

BENNINGTON WATER/SEWER COMMISSIONERS
June 9, 2009

Meeting called to order by Chairman Glenn Wilson at 6:30 PM. Commissioner Sal Landi was also present. The records for meetings in April and May 2009 were reviewed and accepted as printed. Also Commissioner Wilson signed the warrant for the second quarter of 2009. The commissioners reviewed their meeting with selectmen about repair/replacement of the fence and repairs, which took place on June 3, 2009. The commissioners will be meeting with selectmen and highway to try to resolve the issues at both the Bible Hill area and Starrett Road area on Thursday, June 11, 2009 at 1:00 PM. The town administrator will be invited along also to take notes. Commissioner Wilson has reported that he has all the information regarding hydrant flows & pressures and will be working on putting that information into the software as time permits. He stated that he should have all the information by the July meeting. Both commissioners discussed the need to have some of the hydrants repainted, especially the tops. The commissioners will be working with the fire department to determine which is the best way to mark hydrants, either by painting or by Placards. The meeting will be held prior to painting of hydrants, which at this time is tentatively set for July 25, 2009. The commissioners were in receipt of a letter of interest from John Spanos. Commissioner Wilson will be contacting him to find out more information. With nothing else to discuss, Commissioner Wilson made a motion to adjourn, which was seconded by Commissioner Landi. Meeting adjourned at 7:45 PM
